

GCA Carpool Yahoo Group

To help facilitate our families in making carpool arrangements we have set up a Yahoo group. This is a private group and only those registered for this year's classes will be allowed to post their carpool needs.

Once you are accepted into the group it will be your responsibility to check back and see if you have any possible carpool matches. You will need to contact them directly yourself - via email.

If you have any questions, please email me at giftedca@aol.com.

Be sure to include all the important details in your request.
